Hello,

Tom and I just spoke and I can do the intro for the pre-workshop info sessions this week. I compared the content of the slides to the slides from prior two Peer-Input workshops that have been in the teleconference format and split over several days (NOxSOxPM and PM). The content in the presentation is consistent and complete with what we've presented in the past, with the additions of key features (e.g. PECOS) that are new to Ozone. Here are my comments:

Ok, that's helpful and ok to share names among reviewers.

Thanks, John. The meetings tomorrow and Wednesday are just the reviewers themselves (no public). The slides for the webinars next week are currently just the charge questions.

Hi,

I'm not available Tues or Weds for the intro so please put Tara's and/or Steves's name on the first slide, not mine. I assume you'll figure out who is presenting each slide.

Hi John, Steve, and Tara,

I'm attaching the slides for the intro presentation for peer input meetings this week (Tuesday and Wednesday). Can you please review, today if possible? Thanks

Also, we have a placeholder for one of you to do a "welcome" bit at the beginning of each webinar—2p on Tuesday and 3p on Wednesday. I guess John normally does this, but I'm not sure he'll be able to call in and do that. How would you like to proceed? Tara/Steve decide... I'm not available.

In other news, the FRN was posted as an unpublished draft version on [federalregister.gov](http://federalregister.gov), with the published version to come out tomorrow. The unpublished version contains the public signup link, and we're starting to get folks to register to participate (as public observers). good

Lastly, we have an update with Tina on the calendar for tomorrow. I recommend that we cancel that meeting and wait for the next meeting (Nov 6, after peer input webinars). Reschedule to Nov 6 is ok. Steve please let Tina know at the DD meeting tomorrow in event she wants an update before then.

Thanks!
